

Language, Literacy and Numeracy Assessment

Student Details

Surname:		Title:	
First Given Name:			
Course title:			
Date of assessment:			

Introduction

Australian Teachers of Dancing (ATOD) wishes to ensure you have the maximum opportunity for success in your studies. To enable us to ensure you have the maximum chance of success we require you to answer the following.

Australian Teachers of Dancing will review your responses together with the information gathered during your initial enrolment into a course. ATOD has limited resources to provide support to students. ATOD reserves the right to offer a student a place in a lower level qualification where the student presents one or more levels below their requirements of the qualification they have listed on their enrolment form. Where a student presents one level below the identified level of the course- students maybe provided extra support through their trainer to resubmit materials for issues identified. Where students present more than one level below the qualification requirement, Australian Teachers of Dancing may decide to refer you to another training provider for specific training in language, literacy and numeracy. Australian Teachers of Dancing can provide you with a list of providers who have the expertise to maximise your learning opportunity.

This strategy has been implemented to ensure that you are given the best opportunity to achieve competence and ultimately obtain the skills in your chosen field. We wish you every success in your assessment.

Activity One

Explain to your trainer why you have decided to undertake this qualification?

Summary:

Activity Two

Look for the Ausdance article '*Copyright for the dance industry*' fact sheet number 3, Professional business practice factsheets. Once you have found it and read it; answer the following questions.

1. Copy right is free and automatic in Australia T or F
2. List the methods used for any choreography to be protected by copyright law.
3. Why do you think it is important for you to ensure you have met your copyright obligations?

Activity Three

Please rate your abilities on a scale of 1-5 against each of the statements

1 - being I don't think I am very good at this and may need some assistance

5 - being I can do this on my own and independently.

My capabilities	Rating
